(708) 423-3078

### Important Dates to Remember

April 8th – Solar Eclipse

April 9th – Hot Lunch

April 22<sup>nd</sup> – Field Trip to  
Frankfort Children's Museum

April 23<sup>rd</sup> – Hot Lunch

April 26<sup>th</sup> – Fun Day

### Homework

Thank you for helping your child complete and return their homework. Homework will generally be studying/practicing spelling words, reading, or math. Occasionally, homework will be assigned on one of our on-line learning platforms. Please practice reading on a daily basis!

### Reading

Our new Reading theme features stories with Poetic Language. The students love hearing the descriptive language, and we will try our hand at writing some different types of poems.

### Math

We have been learning to count by 2's, 5's, and 10's. We continue to learn different ways of expressing a given number, and decomposing numbers into tens and ones.

### Spelling

We have just finished learning two syllable and compound words. We will now be adding suffixes to a base word (-es, -ed, and -ing). Please continue to practice spelling and sight words.

### Reminders

If you choose to send a birthday treat, it must be an individually wrapped item. Please – no cupcakes!

Thank you!
